LOCAL NEWS.

Good News.

It will be seen from our special dispatch this morning from Munfordsville that the war on our main lines has begun—that Col. Willies' gallant Germans achieved a decided victory over more than double their numbers, killing 33 of the enemy, including the Colonel of a Texas regiment, and driving the entire force back, with a small loss on our side.

By last night's mail we received a business letter from Campbellsville, stating that all was quiet at that point on Monday. We also received a letter from Mr. Sterling as late as Saturday last, at which time there was no extraordinary excitement at that point.

When the train left the east bank of Green river yesterday, our troops were crossing with great rapidity, and advancing. Firing was heard between the pickets of the two armies, the result of which we have in our special dispatch from that point.

POLICE PROCEEDINGS.—Tuesday, Dec. 17. Mary Kenny, drunkenness and disorderly conduct. Discharged.

Peace warrant by Wm. Price vs. Fred. Steir. Dismissed at plaintiff's cost.

Moses Fort, case over from yesterday, \$100 for three months. Gave bail.

Timothy Carr was taken to the workhouse last Friday in default of \$200 security. It was this morning reduced to \$100, which he gave.

Michael and Bridget were brought in from the Cave. Security in \$300 to be of good behavior twelve months.

Doctor Eaton, alias Wm. Simmons, was discharged of the charge of felony, but was presented as a suspected felon. Bail in \$200 to be of good behavior for three months.

John O'Donnell (continued from last Friday), charged with cutting Thos. Young with intent to kill. Continued till Thursday.

BURGLARY.—The store of Messrs. G. B. Blanchard & Bro. was opened by some one having a false key, at about twelve o'clock Monday night, and \$123.45, partly in gold, silver, and Kentucky notes, stolen. The parties, it appears, were well acquainted with the premises. Entering as we have stated, they passed around the counter directly to the money drawer and prior to open with a hatchet. They then went to a small desk, in which was a memorandum book, searched it, and left it on the lid of the desk. The door was discovered open by a young gentleman returning from a party, who at once reported to Mr. Moore, the Gal House, who at once summoned the police, and searched the premises. Mr. Blanchard had taken two hundred dollars home, fortunately, or he would have lost that.

CUTTING AFFAIR.—Yesterday afternoon two men, one of them named Pat Ryan and the other Charles Brown, became engaged in a quarrel on Water street, between Fourth and Bullitt. The result was that Ryan cut an ugly gash in Brown's right arm, from near the shoulder to the elbow, the blade at one point passing through the arm. Ryan fled and had not been caught at last reports. Brown's wound was attended to, and is not considered dangerous.

The city wears a military aspect. Soldiers on foot and soldiers on horse, with and without epaulettes, may be seen in every direction.

"Each on separate military line!" but all looking to the salvation of the Union and the preservation of the Constitution. The more of such men in our midst the better.

The weather is lovely—the days clear and bright and genial, and the nights beautiful. It is too warm for the season. Winter has scarcely shown its stern countenance. Amid the bright sunshine and lull's pale rays, one would naturally call the present October weather.

A delegation of the officers of the regiments comprising the Irish Brigade have waited on the President, and presented a petition, signed by every officer, requesting the appointment of Colonel Thomas F. Meagher as Brigadier General.

Sim. Watkins, an old and well-known business man, died at his residence, in our city, yesterday. He was a member of the Board of School Trustees, and an efficient member of that body up to the time of his death.

Crowded Out.—Much interesting reading matter prepared for this morning's paper is crowded out by the pressure of important news.

Thos. P. Nash, of our city, a well-known tobacco manufacturer, died at the Astor House, New York, after a brief illness.

SPECIAL DISPATCH.

THE BATTLE BEGUN!

Skirmish at Munfordsville—Exciting News—Willies' Regiment attacked by two Regiments of Rebel Infantry and one Battery—The Rebels Retreat with Loss of 33 Killed, including the Colonel of the Texas Rangers.

MUNFORDSVILLE, Dec. 17, 1861.

Editors Democrat—Gentlemen: A skirmish took place to-day, at 1 o'clock, between a picket guard of four companies of Col. Willies' regiment, under Lieut. Col. Von Weber, and two regiments of rebel infantry, a regiment of Texas rangers and one battery of artillery. The rebels made the attack, and retreated, with a loss of 33 killed, including Col. Terry, of Texas, and a large number wounded. Our loss was small.

B. MILITARY.—Capt. Busch's Battery of 12-pounder guns arrived early yesterday morning from Michigan City, Indiana—a fine company of men, with splendid guns.

One regiment of troops left Cincinnati Monday morning on the Ixetta and two or three other boats for Eastern Kentucky.

The 61st Indiana regiment arrived at noon Monday on the steamer Lancaster No. 3 and City of Madison. They came from western Virginia.

The Second Indiana cavalry, Col. Bridgeland, left Indianapolis Monday, for this city. It is coming by land, via Bloomington, and will possibly arrive to-day. This regiment numbers twelve companies of 95 men each.

Col. Bolles' Virginia Cavalry Regiment, from Parkersburg, arrived at Cynthiana Monday, and will go up the Big Sandy. The regiment, mentioned elsewhere, that left Cincinnati Monday morning for Big Sandy, is there before this time. If Gen. Humphrey Marshall is not particularly careful he will be cut off, without one hope of escape.

Gen. Schoenck has also left Cincinnati for his brigade in Western Virginia.

Special dispatches from Cairo, dated Monday, state that there is information at Columbus of an attack on New Orleans, and troops and gunboats had gone down. It is very possible this is true, as Gen. Butler's expedition went to Ship Island, and Gen. Viole has been gone from Port Royal long enough to reach the mouths of the Mississippi.

A thousand Government wagons and about two hundred ambulances are standing idle at the head of Broadway. General Buell is vehemently crying out for transportation. He says there is none to be had.—Cincinnati Gazette.

Who tells the truth: "Red Tape" or the Cincinnati Gazette? Send them down at once, horses and all complete.

CHANGE.—The time of starting the trains on the Jeffersonville Railroad has been changed. The Fast Express, for Cincinnati, Indianapolis, Chicago, and the East, will leave at 3 P. M., and the Night Express, for St. Louis, Cincinnati, Chicago and the East, will leave at 9 P. M.

The Ladies' Union Aid Society of New Albany are preparing a supper to be given to-morrow (Thursday) night, at 284 Main street. Entrance free, 10 cents; oysters and ice extra.

FOUND.—A surgeon's silver lancet case was found on the levee, Sunday, containing two thumb-lancets. The owner can have it by calling on Officer Kirkpatrick and proving property.

A number of the citizens of New Albany have presented a splendid horse and equipments to Major B. Compton, of the 50th regiment Indiana volunteers.

A lad named Patrick Bywater, thirteen years old, committed suicide in Cincinnati on Monday evening by hanging himself. No cause is assigned for the act.

Lieut. Bonham, of the Ohio State Military Department, is now visiting the Ohio regiments in Kentucky, as the agent of the Government.

THEATRE.—Mr. Booth played Charles de Moor last night. In Schiller's play of the Robbers, to a crowded house; an exquisite performance, realizing to the life the extraneous character as painted by the greatest of German poets. Mr. Booth appears to have inherited all the genius of his illustrious father, of which he constantly reminds us, more from the manner and the power with which he sings, and the very manner of his singing, than from anything that could be considered imitation. In fact, he imitates no one—not even unconsciously. He is guided by his genius alone—a star that is destined to shine brightly in the very annals of the stage "where fame's proud temple shines afar." We are sorry to learn that the engagement of this eminent tragedian is drawing to a close. He has made crowds of admirers in the short time that he has been with us, and an announcement of his speedy return here would be hailed with delight by all true lovers of the drama. To-night he appears as Shylock in the Merchant of Venice, and as Macbeth in the last act of the tragedy. We expect to see another crowded house.

THE HOLMAN TRUPE.—We have had little room this morning, but we must take time to call the attention of everybody to the fact that the Holman troupe will give one of their excellent entertainments for the benefit of the families of Kentucky volunteers, let everybody turn out.

LA ROBEHMEINE.—Our charming friend, Miss Bessie Shaw, having returned to-day, to play an engagement at Pick's Opera House. "La Robehmeine" has long been absent from the boards, which she has graced as a tragedienne. During that absence a meteoric plume has taken place. The danger and how have been changed into castles, and the mask of the tragedienne has fallen away, to reveal the features of the charming comedienne. Miss Shaw has not only taken place in the very annals of the stage, and now returns to it with new pieces, exclusively her own, and not performed by any other actress. She has had the good taste and judgment to make her pieces applicable to the times that we are at present, and undoubtedly they will attract. The pieces are not the petty attempts of the amateur author—all of them are of a high order of talent. The stage effects produced in the "Kite Brigade," a three-act military drama, are of the most brilliant conception, and the most absorbing interest. The scene is laid in East Tennessee, where most of the sympathies of the people of the country rest at this time. The "Robehmeine" is a most laughable, charming, witty, ridiculous piece of burlesque extent, and is full of beautiful tableaux, songs, and scenes. Miss Shaw appears as "Columbia," the "Republican Queen," and a "Katherine," in which part she presents a most bewitching appearance. We venture to say that before she has played a week the denizens of Cincinnati will not rise to capture her performance.

Latest from Southern and Eastern Kentucky.

The Frankfort correspondent of the Cincinnati Gazette telegraphs on the 16th as follows:

The mail from Somerset failed entirely to-day. The Postmaster there has not failed a single day to send an account of the state of affairs since Zollicoffer appeared in that region, till to-day.

The failure is interpreted here as meaning that a fight was going on yesterday, and the inhabitants were driven from the town. Something definite will probably be ascertained to-morrow.

It is rumored that a rebel force of several regiments was approaching Columbia, two or three days ago, moving toward Zollicoffer's position. It is supposed he has been reinforced.

Gen. Buell is expected to take the field in person in a few days. This indicates an official expectation of a speedy engagement.

It is reported that our troops are now crossing Green river. If the railroad bridge there is repaired and Crittenden is ready to move the right wing, nothing is known here to prevent an immediate advance on Bowlinggreen.

Booker, it is rumored, is coming up the railroad in heavy force to offer battle this side of Bowlinggreen. No reason is known for crediting it, except that the Confederates believe it more probable he is only sending forces up to destroy the railroad and thus retard our advance as long as possible.

Spies have returned to our camps, who have been through Crittenden's camp at Cumberland Gap. They report considerable force there, and reinforcements coming from Middle Tennessee. They say the general talk in camp was, that as soon as Zollicoffer secured a foothold this side of Bowlinggreen, he would confirm the rumor of Humphrey Marshall's having already come through Soudan Gap.

By last night's mail we received two letters from Somerset, one of them dated the 13th, which contains the following statement:

The news to-day is that additional reinforcements are still falling in behind. All reports concur in this. No reason is known for crediting it, except that the Confederates believe it more probable he is only sending forces up to destroy the railroad and thus retard our advance as long as possible.
